

## Be Part of Our UN Sustainable Development Goals Forum

We're holding a forum on the **UN higher order principles/goals that may be important for you and your association to know about as they underpin the future of a sustainable world and our work as professionals.**

The [UN Sustainable Development Goals](#) were recently chosen by our member Australian Library and Information Association (ALIA) and its international body to underpin their mission statement. These seventeen aspirational "Global Goals" include health and education, ending poverty and hunger, gender equality, climate change, and sustainable cities and communities.

**It will be a fantastic forum –RSVP now to [ceo@professions.com.au](mailto:ceo@professions.com.au) – so you don't miss out!**

I hope you can make this free forum so I can introduce you to ALIA CEO Sue McKerracher, the key speaker Jennefer Nicholson, former Secretary-General of the International Federation of Library Associations and Institutions (IFLA), and a representative from the Department of Foreign Affairs and Trade.

**When:** 4.00-5.30pm, Thursday 23 March

**Where:** ALIA House, 9-11 Napier Close, Deakin, ACT.
